

# Deen – AI & ChatGPT Expert Portfolio

## Contact Information

Email: dkdeenu37@gmail.com

Phone: 8870112655

Location: Chennai, India

## Professional Summary

AI Tool Specialist with strong logical reasoning, systems thinking, and prompt engineering skills. Experienced in building AI-driven systems, workflow automation, and structured prompt architectures.

## Project 1: Role Personality Matcher – AI Powered HR Screening System

Developed an AI-driven evaluation tool that maps job role requirements to mindset traits, generates behavioral interview prompts, analyzes candidate responses, and outputs a role match score.

Key Work:

- Defined role-specific mindset requirements
- Designed structured behavioral prompts
- Created scoring logic for AI-driven analysis
- Built output categories: Suitable / Trainable / Mismatched

## Project 2: Jarvis Prompt Book & Memory Model

Designed a complete prompt architecture and memory system for a personal AI assistant. Includes long-term memory structure, personality rules, category design, and retrieval mechanisms.

Features:

- Prompt Book with reusable logic blocks
- Memory categories for long-term evolution
- Retrieval & recall rules
- Assistant personality and tone design

## Core Strengths

- Prompt Engineering
- Systems Thinking
- AI Workflow Optimization
- Logical & Efficiency-First Execution

## Expected Impact for Clients

30 days: Build reusable prompts & automation demos.

60 days: Deliver workflow library & case studies.

90 days: Implement full AI automation & train team.

## **Call to Action**

I can help your team reduce manual work and scale using AI-driven logic and efficient workflow design.
